Societe Generale Asia Limited Position as of 30 June 2017

Capital disclosure template for Capital Adequacy Ratio under the Basel III regime

1. Transition Disclosures Template

	CET1 capital: instruments and reserves		Cross reference to Definition of Capital Components
1	Directly issued qualifying CET1 capital instruments plus any related share premium	150,000	(1)
2	Accumulated losses	23,785	(2)
3	Disclosed reserves	135	(3)
4	Directly issued capital subject to phase out from CET1 capital (only applicable to non-joint stock companies)	Not applicable	
5	Minority interests arising from CET1 capital instruments issued by consolidated bank subsidiaries and held by third parties (amount allowed in CET1 capital of the consolidation group)	0	
6	CET1 capital before regulatory deductions	173,920	
CET1 cap	oital: regulatory deductions		
7	Valuation adjustments	0	
8	Goodwill (net of associated deferred tax liability)	0	
9	Other intangible assets (net of associated deferred tax liability)	1,503	(4)
10	Deferred tax assets net of deferred tax liabilities	0	
11	Cash flow hedge reserve	0	
12	Excess of total EL amount over total eligible provisions under the IRB approach	0	
13	Gain-on-sale arising from securitization transactions	0	
14	Gains and losses due to changes in own credit risk on fair valued liabilities	0	
15	Defined benefit pension fund net assets (net of associated deferred tax liabilities)	0	
16	Investments in own CET1 capital instruments (if not already netted off paid-in capital on reported balance sheet)	0	
17	Reciprocal cross-holdings in CET1 capital instruments	0	
18	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	
19	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	
20	Mortgage servicing rights (amount above 10% threshold)	Not applicable	
21	Deferred tax assets arising from temporary differences (amount above 10% threshold, net of related tax liability)	Not applicable	
22	Amount exceeding the 15% threshold	Not applicable	
23	of which: significant investments in the common stock of financial sector entities	Not applicable	
24	of which: mortgage servicing rights	Not applicable	
25	of which: deferred tax assets arising from temporary differences	Not applicable

Elements where a more conservative definition has been applied in the Banking (Capital) Rules ("BCR") relative to that set out in Basel III capital standards:

Row No.	Description	Hong Kong basis	Basel III basis
	Other intangible assets (net of associated deferred tax liability)	1,503	1,503
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights (MSRs) may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the AI's financial statements and to deduct MSRs in full from CET1 capital. Therefore, the amount to be deducted as reported in row 9 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 9 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% threshold set for MSRs and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.		
	Deferred tax assets net of deferred tax liabilities	0	0
10	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs that rely on future profitability of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities and other credit exposures to connected companies) under Basel III.		
	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
 Explanation For the purpose of determining the total amount of insignificant capital investments in instruments issued by financial sector entities, an AI is required to aggregate any amount of or other credit exposures provided by it to any of its connected companies, where the conn is a financial sector entity, as if such loans, facilities or other credit exposures were direct ho holdings or synthetic holdings of the AI in the capital instruments of the financial sector where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan such facility was granted, or any such other credit exposure was incurred, in the ordinary co business. Therefore, the amount to be deducted as reported in row 18 may be greater than that requir III. The amount reported under the column "Basel III basis" in this box represents the amount row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the agg of loans, facilities or other credit exposures to the AI's connected companies which we deduction under the Hong Kong approach.			loans, facilities ected company ldings, indirect c entity, except was made, any urse of the AI's ed under Basel ount reported in gregate amount

Row No.	Description	Hong Kong basis	Basel III basis
	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
19	 Explanation For the purpose of determining the total amount of significant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business. Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach. 		
	Insignificant capital investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
 Explanation The effect of treating loans, facilities or other credit exposures to connected companie financial sector entities as CET1 capital instruments for the purpose of considering dedu made in calculating the capital base (see note re row 18 to the template above) will mean th within the threshold available for the exemption from capital deduction of other insignifi investments in AT1 capital instruments may be smaller. Therefore, the amount to be reported in row 39 may be greater than that required under Basel III. The amount reported column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facili credit exposures to the AI's connected companies which were subject to deduction under the 			tions to be headroom cant capital educted as d under the nt reported es or other
	approach. Insignificant capital investments in Tier 2 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
 Explanation The effect of treating loans, facilities or other credit exposures to connected companies w financial sector entities as CET1 capital instruments for the purpose of considering deductio made in calculating the capital base (see note re row 18 to the template above) will mean the h within the threshold available for the exemption from capital deduction of other insignificat investments in Tier 2 capital instruments may be smaller. Therefore, the amount to be deducted in row 54 may be greater than that required under Basel III. The amount reported to column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities credit exposures to the AI's connected companies which were subject to deduction under the Hong approach. 			
Remarks:	t of the 10% / 15% thresholds mentioned above is calculated based on the	amount of CE	T1 canital
	under the Banking (Capital) Rules.		cupital

Abbreviations: CET1: Common Equity Tier 1 AT1: Additional Tier 1

2. Main fea	ature of the outstanding capital instruments issued	
1	Issuer	Societe Generale Asia Limited
